

INSTALLATION INSTRUCTIONS

Part Number HA-6088

This filter fits: See current catalog for correct listings

Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter will last one million miles or more. This filter can be used in a stock machine, with no modifications required. However if any engine modifications have been made, tuning/jetting adjustments may be required. **However, there are special installation instructions, so please follow the procedures outlined below to ensure that the K&N Filtercharger® seals properly.**

Installation

- 1) Remove stock air filter according to your owners manual.
- 2) Clean all sealing surfaces of the air box
- 3) With a hammer and punch remove the three OE spacers from the stock filter. See Fig.1
- 4) Install the three spacers into the K&N air filter. See Fig. 2
- 5) Install K&N air filter into the air box.
- 6) Install stock cage to the air filter and air box, and tighten according to your owners manual. See fig. 3
- 7) Re-install air box lid and tighten.

THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.
